

EVOLUTION

L O N D O N

SUMMER

3RD – 15TH JUNE 2024

8TH – 20TH JULY 2024

DESIGNED TO HOST EVENTS

Craft your dream summer celebration at Evolution London this year.

We are proud to present their summer party offering at Evolution London; the capital's most dynamic and flexible venue in the heart of Grade II* listed Battersea Park right across from the iconic Power Station. During our summer installation, the venue becomes less of a blank canvas space and more of a packaged product.

Upon arrival, the Courtyard will feature a stunning stretch tent with central bar and seating areas. Easily adapted for a summer party with BBQ's and impressive food stations or the perfect area for your lunches and breaks during a conference.

Heading inside the building, the atrium cloakrooms will be available for guests to use, with tunnels leading into the main venue.

Packages will include a comprehensive

production installation – a turnkey solution for all summer events. At over 5,000m², the site is one of the largest purpose-built venues in London, with four distinctive internal spaces.

This versatile venue can play host to a wide range of events including Awards, Charity Events, Conferences, Dinners, Launches, Private Events and Summer Parties.

WHY CHOOSE EVOLUTION LONDON?

FLEXIBLE EVENTS VENUE

Evolution London, Battersea Park

THE PERFECT SPACE TO ENTERTAIN,
NETWORK AND ENJOY.

COURTYARD

 2,841m² FLOOR AREA  2,800 CAPACITY

This expansive outdoor area features both grassy areas and concrete, so can be transformed to suit your ideas and objectives. It is a versatile space that can play host to a wide range of events from AGMs to Team Building

and can accommodate BBQs, fun fairs, fire pits, outdoor stretch tents, festoon lighting and much more. This is London's perfect summer party location.

Evolution London, Battersea Park

DECK

 215m² FLOOR AREA  200 STANDING CAPACITY

**ENDLESS BRANDING
OPPORTUNITIES.**

This expansive decking serves a dual purpose as both a stylish lounge area and a versatile stage. Positioned at an elevated vantage point, it offers sweeping views of the outdoor

surroundings of Battersea Park. The presence of a flexible awning ensures adaptability, making it an ideal venue regardless of weather conditions.

Evolution London, Battersea Park

The atrium boasts a complete glass frontage that spans from floor to ceiling, allowing an abundance of natural light to flood the entire area, complete with four sets of double doors allowing guests easy, quick

and secure access to the venue. The space is equipped with two cloakrooms that can accommodate up to 2,000 guests and is the perfect registration area or breakout space.

MAKE THE MOST OF LONDON...
ALL YEAR ROUND.

ATRIUM

Mezzanine, Evolution London

MEZZANINE

700m² FLOOR AREA 500 STANDING | 250 SEATED CAPACITY

THE PERFECT BREAK OUT SPACE

The mezzanine is strategically located within the venue, providing an elevated vantage point that allows for sensational views of the

main space and its surroundings. The area provides ample room for various setups from VIP lounges to private dining.

MAIN SPACE

3,750M² AREA 4,000 STANDING | 2,000 SEATED CAPACITY

This unimpeded event space has an impressive 8-metre ceiling and is yours to transform, either use the space as a whole or it can be portioned into distinct areas to suit

various needs. Choose from several lighting options from the beautiful star-lit ceiling or we can flood the venue with natural daylight. What sets Evolution London

apart isn't just its venue flexibility; it's the unparalleled technological infrastructure that elevates the event experience, making it one of the best large venues in London.

Main Space, Evolution London

MOVING VENUE VENUE CATERERS

Moving Venue is Evolution London's in-house catering partner. Their reputation for delicious food and outstanding excellence has secured this sensational catering company a place on the accredited supplier list of over 40 venues, in and around London.

Driven by creating memorable, delicious catering experiences, our in-house caterers design menus tailored to the style, budget and needs of your event and its guests. From intimate cocktail receptions to immersive conferences, from elegant gala dinners to stunning award ceremonies, their passionate, creative team of chefs devise dishes that your guests will simply love.

All of Moving Venue's menus are carefully considered from field to fork, always with seasonal ingredients, producing bespoke, vibrant and expertly crafted catering at their extraordinary events.

They are experienced in ensuring their menus are deliverable for all events whilst ensuring innovation and creativity, using seasonal and sustainable ingredients, is always at the forefront of their creations.

SUSTAINABLE

Local and seasonal sourcing goes hand in hand with reducing food miles and our collective carbon footprint. We are committed to buying products of the highest quality and as a fresh food company over 80% of the produce we source is brought in fresh. We focus on seasonality and sustainability and where possible buy food that has been produced in the UK.

Recognising food waste is a huge contributor to climate change. Moving Venue have made a pledge to reduce their food waste by 50% by 2025, we will achieve this by taking a considered approach to deliver meaningful step changes over time.

90% of our Leaf Marque assured fruit and vegetables are sourced in Britain.

Our meat is Red Tractor assured produce and 100% sourced in Britain.

Every tonne of food waste is recycled by anaerobic digestion and as an alternative to landfill, prevents approx. 1.0 tonne of CO2 entering the atmosphere.

All our products are sourced from sustainable, certified, ethical trade or Fairtrade sources in line with the BRC Global standard.

We only use fish from sustainable stocks, promoting fish recommended by the Marine Conservation Society (MCS).

WE BELIEVE THAT EVERYONE MUST CARE FOR THE ENVIRONMENT. WE SEEK TO MINIMISE WASTAGE OF RAW MATERIALS AND ENERGY, AND MINIMISE HARMFUL EMISSIONS THROUGH ALTERNATIVE SOLUTIONS.

SUSTAINABLE

AIMS AND COMMITMENTS

Reduce carbon emissions

Reduce carbon emissions across event deliverables, pledging 10% year on year.

Monitor energy

Monitor energy to reduce unnecessary power consumption.

Low emission vehicles

Ensure suppliers utilise low-emission vehicles.

Segregate waste

Effectively segregate waste by 15% annually and improve recycling strike rate.

Eliminate food waste

Eliminating food waste in landfills and cutting its volume by 30% before 2030.

CONTINUED IMPROVEMENT JOURNEY

Green Levy

We've introduced an optional green levy for exclusive events, all managed in partnership with BIG1.

Event carbon footprint tracking

Clients can monitor the carbon footprint of their event using the TRACE platform.

Carbon reduction targets

We are committed to a minimum 5% reduction of total carbon footprint across three key areas in 2023 with defined KPIs and targets.

Feasibility studies for longer-term initiatives

We are exploring the possibility of using solar power or kinetic floor tiles to generate electricity for Evolution London.

Reinvestment

All proceeds from fees that we pay to the council go back into maintaining the park and supporting community projects.

ACHIEVEMENTS

Food waste to green energy

We separate and measure food waste at each event, then turn it into green energy using anaerobic digestion.

100% renewable energy

All event venue lighting now uses LED. The venue is powered by 100% renewable energy.

Use compactors

Use compactors for general waste and the various recyclable waste streams.

Zero to landfill

General waste is taken to an Energy Recovery Facility to ensure our record of zero to landfill is maintained.

Battersea Power Station, South West London

PRODUCTION

Evolution London have selected Encore as the exclusive AV and technical partner and have installed an extensive technical infrastructure.

Encore offer a complete creative technical production service for all types of events, from design and visuals through to lighting, sound, video, set design and build, rigging and power installation.

They are committed to leading the industry in minimising the impact its activities have, by continuing to integrate environmental considerations into its business decisions and adopt greener alternatives.

SPECIFICATION

Encore have invested in our newest structure by installing a vast amount of technical infrastructure, enabling us to offer an impressive specification of technical features to each client as a standard part of their hire agreement, including:

Base Spec

- Outside Space
 - Festoon lighting
 - Background music PA
- Inside Space
 - Breakup lighting across the space
 - 28 x moving lights for atmosphere
 - Small DJ stage with lighting ready to upgrade to a band if needed
