EMG EVENTS COMPANY GOLF CHALLENGE - 2022

A NEW GLOBE REACHES THE SUMMIT TO TAKE THE TITLE

Another year on and another EMG Golf event reaches a finale, with glorious sun to start the proceedings.

Before the shotgun start, the day was interrupted by a helicopter landing on the practice grounds – not one of our guests arriving, but a VIP departing for Manchester!

Again, the sun shone throughout the day to ensure the golfers had another fine day at Betchworth Park Golf Club. The teams, as always, looked forward to another fine days' golf, competing for the annual EMG Golf Challenge trophy, now in its 17th year.

With a mixture of businesses from construction, Facilities Management, engineering, Property and security, the dry day helped keep good scores being posted.

Really good scores were posted from most teams, with the second and third teams within 1 point of each other, The winners were Globe Scaffolding 2 with an excellent score of 96 points, Academy Consulting took the runners up prize on 91 points. 3rd place on 90 points were the team from Permanex.
